## COVID-19

Latest SCC information is available here: <https://www.suffolk.gov.uk/coronavirus-covid-19/>

Latest Government advice is available here: [www.gov.uk/coronavirus](http://www.gov.uk/coronavirus)

### **Enhancing Biodiversity**

Suffolk County Council will be doing more for the county's natural environment, as it confirms plans to enhance the biodiversity of at least 30% of its land by 2030. The opposition group had a major influence in providing recommendations to SCC which are now a part of the Council's ambitions to enhance biodiversity. Examples include planting more hedgerows, improving highway trees, and developing nature-based flood management solutions. For more information, visit: <https://www.suffolk.gov.uk/council-and-democracy/council-news/show/councils-commitment-to-further-enhancing-suffolks-natural-environment>

### **Changes to Highway Code**

Several new changes to the Highway Code are now in force as of the 29<sup>th</sup> of January. According to The Department for Transport (DfT) the new regulations are about recognising and protecting the most vulnerable road users and making the highway safer for everyone. Suffolk Roadsafes's Quiz helps illustrate the changes that are necessary to know and includes a link to further information - <https://www.quiz-maker.com/QG20TF8NL>. For more Government information on the changes you need to know, visit: <https://www.gov.uk/government/news/the-highway-code-8-changes-you-need-to-know-from-29-january-2022>

### **Devolution Deal**

The Government published its White Paper on Levelling-Up, within which it has agreed that Suffolk will be one of nine initial 'County Deals' up for negotiation. A new deal will potentially give local leaders more powers to make decisions for their communities for the first time. Our Group welcomes the idea of bringing more power to the communities of Suffolk. However, we are concerned about a potential Mayoral position created in Suffolk and the effect this may have on marginalising districts in Suffolk.

### **Full Council Budget Meeting**

County Councillors met on the 17<sup>th</sup> of February to debate and vote on the Council's budget for 2022-23. Suffolk GLI Group highlighted the need to invest more in adult social care, as well as an innovative project to reduce the energy bills of those most vulnerable, considering the current energy and cost of living crisis. Both ideas were rejected by the Conservatives, but our Group will continue to champion more investment into our social care and green technology. For more information on Suffolk GLI's Budget amendment, visit: [https://committeeminutes.suffolk.gov.uk/DocSetPage.aspx?MeetingTitle=\(17-02-2022\),%20County%20Council](https://committeeminutes.suffolk.gov.uk/DocSetPage.aspx?MeetingTitle=(17-02-2022),%20County%20Council)

### **Warmer Homes Suffolk**

Suffolk residents who are struggling to keep their homes warm can contact a new project, named 'Warm Homes Suffolk', which offers funding and free advice. The project can offer expert advice on reducing energy bills, energy usage and identify benefits that residents may be entitled to, to help keep their homes warm. ## District Councillor's Report: Harry Richardson

### Mid Suffolk District Council

Mid Suffolk District Council has frozen its element of council tax this year. The 2022/23 budget, which was approved unanimously at the Full Council meeting on 24<sup>th</sup> February, allows continued investment in the council's strategic priorities, including the economic regeneration of the district, and tackling climate change.

It also builds on last year's additional investment of £5.1m into supporting the district's communities, at no extra cost to Mid Suffolk's council taxpayers. During the debate, a Green and Liberal Democrat amendment to the budget was agreed which will fund two new zero carbon electric buses to deliver scheduled rural community transport for Mid Suffolk residents.

Sheltered housing charges and garage rents also remain frozen at 2021/22 levels, but Mid Suffolk District Council tenants will see an increase of 4.1% to their rents to cover inflationary pressures and allow investment in improving the quality of council homes.

This means average weekly social rent will increase by £3.45 from £84.42 to £87.84. For affordable housing, weekly rents will increase by £4.99 from £121.34 to £126.33.

There have also been a number of initiatives launched in the previous weeks and so I have included below a summary of the major updates across the District:

### **Bird Flu outbreak near Elmswell**

The UK's Deputy Chief Veterinary Officer has confirmed highly pathogenic avian influenza (HPAI) H5N1, commonly known as bird flu, at a small holding near Elmswell. A 3km Protection Zone and a 10km Surveillance Zone have been put in place around the infected premise to limit the risk of the disease spreading.

All poultry keepers – whether commercial farmers or those with a small backyard flock – are required by law to house poultry, or otherwise, to keep them separate from wild birds.

### **Babergh and Mid Suffolk District Councils respond to new 'County Deal'**

The leaders of Babergh and Mid Suffolk District Councils have welcomed the news that Suffolk is one of nine counties invited to negotiate a ground-breaking devolution deal – bringing more control over areas such as transport, infrastructure and skills to the region.

The Government's Levelling Up White Paper, published this week, outlines a blueprint for driving up living standards and improving opportunity and prosperity across the country.

As part of it, Suffolk is one of nine county areas invited to negotiate a historic 'County Deal' - a new devolution model that, subject to negotiations, will give local leaders more powers to make decisions for their communities for the first time.

This could include greater control over buses and trains, to deliver London style public transport or skills programmes which focus on the needs of local people to help them access the high quality, high paying jobs of the future.

### **Additional funding to support districts' rough sleepers**

Babergh and Mid Suffolk District Council have been awarded £324K to provide specialised emergency accommodation for rough sleepers and those at risk of homelessness.

The funding, from the Ministry of Housing, Communities & Local Government's Rough Sleepers Accommodation Programme, will see the development of two new self-contained 'mbloc' emergency accommodation units in Stowmarket (Eric Jones House, Ipswich Road) and two self-contained units in Sudbury to house vulnerable adults at risk of living on the streets.

These new energy efficient homes in Stowmarket and Sudbury – will provide dedicated long term emergency accommodation for entrenched rough sleepers – allowing their complex needs to be addressed in a more comprehensive way.

Placements will allow people who have been historically excluded and marginalised, to get the help, support and life skills they need to hold down a secure tenancy and stay off the streets in future.

Training, guidance and advice will be delivered by a range of agencies including health, social care and voluntary organisations, supporting the councils' goal of ending all rough sleeping by 2024.

I hope that this report has been useful but if a member of the Parish Council wishes to discuss any of the above further then please do not hesitate to contact me via the email address below.

With kind regards,
